

Sensory Strategies Kits

Sensory Strategies Kits are a collection of sensory-rich toys and materials that are available for check out at the Helen Plum Library in Lombard, Illinois. These kits were created with an emphasis on fine motor and gross motor skills, coordination and balance, tactile stimulation, spatial logic and social/emotional skills.

We created a bibliography of Resources for Children with Special Needs (and the adults who care for them) to highlight these 11 kits as well as other books and materials that might be valuable to this population.

Some of our most popular kits:
