

Morris Area Public Library's
Professional Development Series

The Book Doctor is IN!

Friday, October 4, 2024 - 9:30AM-12:30PM

Learn how to protect and repair books so they last longer. reach more readers, and leave money in your budget.

Upon the completion of this session participants will:

- be acquainted with best practices of book repair and maintenance
- possess insight on extending the lifespan of their collection and reduce the frequency of costly replacements
- have hands-on experience with and understand the proper tools for specific damage
- gain a deeper appreciation for book structure and gain practical knowledge to apply to their own library

**Participants will need to bring their own adult scissors.
All other supplies provided by Demco.*

PRESENTER: KIMBERLY YOUNG

Kimberly has worked in a wide variety of library settings across regionally, socially, and culturally diverse areas of the U.S. In the process, she's developed a deep appreciation of the role the community plays in the public library and vice versa.

Her work focuses on collection development, material processing, and book care, but access to information, community engagement, and meaningful use of data have also been driving forces in her career.
