eRead Illinois member (yes or no):	No

### Description

Midwestern Career College (MCC) is a higher education institution offering certificates and degree programs focused on careers in health care, business administration, marketing, and more. MCC is accredited by the Commission of the Council on Occupational Education. It is authorized by the Illinois Board of Higher Education to operate in the state of Illinois.

The college has five campuses in Illinois but only four of them have libraries. The Learning Resource Center (LRC) provides many student tools including online databases like ProQuest and LibGuides on specific subjects. The LRC is interested in joining RAILS for continuing education, interlibrary loan, access to deals & discounts, grants, and connections with other academic libraries.
