TO: RAILS BOARD OF DIRECTORS

FROM: JIM KREGOR

SUBJECT: RAILS FINANCIAL REPORT – FEBRUARY 2020

Please find attached the RAILS Financial Reports for the month of February 2020. The attached statements include the individual fund Balance Sheets and Statement of Revenue and Expenditure reports for RAILS' Governmental (General, Special Revenue and Capital Projects) Funds, plus separate reports for four major programs: Delivery operations, LLSAP support, Census 2020 Grant and L-2 replacement Project. The latter two reports are the initial reports for these activities and will be included in this reporting package through the remainder of this fiscal year. In addition, reports showing the details of RAILS' cash and investments and monthly expenditures are included.

The February 29, 2020 unassigned General Fund (\$16.7 million) cash and investment balances would fund an estimated 17.8 months of operations. Cash and investment balances decreased \$0.7 million from the January 31, 2020 balance as RAILS received no Area and Per Capita (APC) grant payments. RAILS has received the entire funding of the FY2019 APC award and 35.6% of the FY2020 award.

FY2020 Year-To-Date Revenues and Expenditures

Total General Fund revenues of \$8,577,024 through February were \$22,883 above budget primarily from higher APC Grant revenues (\$110,990 above budget), partially offset by below budget (\$64,214) reimbursements and Investment income (\$36,174). Investment income for July was \$38,259, but for January had declined to \$25,173 due primarily to declining interest rates. February month end interest rates were 1.646% and 1.72% for the Illinois Funds and Hinsdale Bank Money Market accounts, respectively, well below the July month-end rates of 2.399% and 2.51%. We were advised that the Wintrust will begin to change its rate structure so that it mirrors the Illinois Funds' daily rates. We expect additional, and most likely major, decreases in interest rates due to anticipated Federal Reserve reactions to the coronavirus crisis.

Total General Fund expenditures of \$7,710,379 were \$651,107 below budget due primarily to lower Contractual Services (\$302,115), Personnel (\$146,832), Library Materials (\$105,675) and lower expenditures ranging from \$19-\$35,000 in six other expenditure categories, partially offset by above budget Equipment Rental, Repair and Maintenance (\$51,082) expenditures. Contractual Services expenditures were lower as no Catalog Membership grant applications were received in October, and no grants were awarded. The due date for the next round of applications is April 1, and several applications are expected. Library Materials were below budget from lower Reimbursement and E-Read Illinois expenditures. Equipment Rental, Repair and Maintenance expenditures were above budget as various

budgeted software maintenance expenditures for services covering the entire fiscal year were paid in July and, to a lesser extent, in October.

Due to COVID-19 related meeting and conference cancellations, we expect meeting and travel expenditures to decline further from budgeted amounts. Through February, travel expenditures were \$35,359 below budget.

In early March, the Northern Illinois Municipal Electric Collaborative (NIMEC), of which RAILS has membership, conducted a bidding process for electricity supply. As a result, RAILS was offered a contract for one, two, or three year periods, all at similar prices. RAILS accepted and signed a three year supply contract, which begins on May 7, 2020, at a price of 4.979 cents per kilowatt. This price is 13.1% below the price of the existing contract and should result in annual savings, based on the past twelve months' usage, of approximately \$4,200.

Personnel expenditures were \$146,832, or 4.1%, below budget, of which \$119,598 were salary expenditures. The lower than budget salaries were due primarily to three budgeted open positions, all of which have now been filled, and lower Delivery expenditures due to personnel turnover.

For the month of February, RAILS had no new hires or terminations. (Terminations refer to all persons leaving RAILS employment for any reason, including resignations and retirements).

Through February, Special Revenue Fund expenditures were \$161,755, nearly double the amount through January. Census 2020 and L2 Replacement Grant expenditures were \$92,354 and \$57,101 respectively. RAILS in February receiving funding for the Census 2020 Grant for its November and December expenditures. We have included a Statement of Revenues and Expenditures for both programs in our monthly report. Expenditures for both programs are primarily for other contractual services.

Delivery department expenditures of \$2,391,482 through February were \$100,298 below budget primarily from lower contractual services (\$46,229) and personnel (\$45,063) expenditures. Contractual services expenditures were below budget primarily due to a normal lag in payments, as two weeks (\$37,203) of billings pertaining to February services were not paid until March. Fuel expenditures through February were \$12,020 below budget and should become more favorable as recent oil market prices have substantially declined. Delivery department expenditures through February were 31.0% of total General Fund expenditures.

LLSAP support expenditures of \$1,559,362 through February were \$76,053 below budget, due primarily to lower than budget personnel expenditures due to previously unfilled vacancies plus lower travel expenditures, and were 20.2% of total General Fund expenditures.
