(f) In any county or counties in which more than one year will elapse between the effective date of the final order entered by the circuit court and the levy of an annual public library tax of the new district library created as a result of the merger provided by this section, the corporate authority of each public tax supported library, and the board of trustees of each existing library district shall continue imposing their library's existing levies.

(b) Any existing bonds issued under Section 5-2 of the Illinois Local Library Act shall not be affected by a merger of public libraries, but shall continue in full force and effect, and a special tax supporting the existing bond issue shall continue to be levied upon the residents of the city, village, incorporated town or township originally approving the bond issue.

(c) Nothing in this Section shall preclude a municipality, township, or county, by written agreement, from sharing a library building or buildings with a district library established under this Article.

When the employees of a publicly tax supported library merging under this Article are participating in an employer provided Illinois Municipal Retirement Fund or other retirement or pension program, the corporate authority of the tax supported library shall continue to provide coverage under the retirement or pension program until the newly established district library provides retirement or pension program coverage. In no case, however, shall the corporate authority extend its coverage for more than 547 days after the effective date of the circuit court's final order of establishment under Sections 22-10 or 22-15 of this Article.
