eRead Illinois member (yes or no):	No

Description

Riverview Community Consolidated School District 2 is located in East Peoria, IL. The district has one K-8 school, Riverview Elementary School. The school serves approximately 215 students. According to the Illinois State Board of Education (ISBE) around 48% of students in the district are designated as low income.

The library previously had an automation system for their library, but it has not been functioning. They are in the process of moving to a new system for this school year. As members of the system, they would like to take advantage of RAILS continuing education, grants, support for e-books, deals & discounts, and more. They are also interested in doing interlibrary loan once the new automation system is in place.
