

June 7, 2024

**TO: RAILS Board**

**FROM: Monica Harris, Executive Director**

**SUBJECT: 6.2 RAILS Board of Directors Use of Social Media**

Joe Filapek and I met this morning with Julie Tappendorf of Ancel Glink for a conversation around legal movement around social media, including that of elected officials. She had a lot of great insight, and ultimately recommended that up-to-date and regular training for trustees around social media use may be a better choice than a policy solution. Since we discussed this at great detail during our May meeting, I wanted to bring this back to you for additional discussion about next steps.

I look forward to further discussion at our June 14 meeting.
